CDC Strategic Directions

Improve health security at home and around the world

Better prevent the leading causes of illness, injury, disability, and death

Strengthen public health/health care collaboration

A Reminder About the Issues

Meet Fran Edwards:

- Newly insured
- At MD for first physical in 5 years
- 55 years old, married, smokes, overweight, little exercise
- Asthmatic, high blood pressure
- Stopped taking medications in past due to cost

Insurance and Quality Care Help... But the Following Also Contribute to Her Health

- **Income** - Low income, family of 5
- **Barriers to Fitness** - Rising crime rate, few parks, no nearby supermarket
- **Under stress** - Child with behavioral health concerns, worried about money
- **Sub-par Housing** - Mold and ventilation problems

What are Key National Trends?

- Increased access to health care coverage
- Payment reform emphasizes value
- Clinical care models more patient-centered/comprehensive
- Enhanced interest in prevention

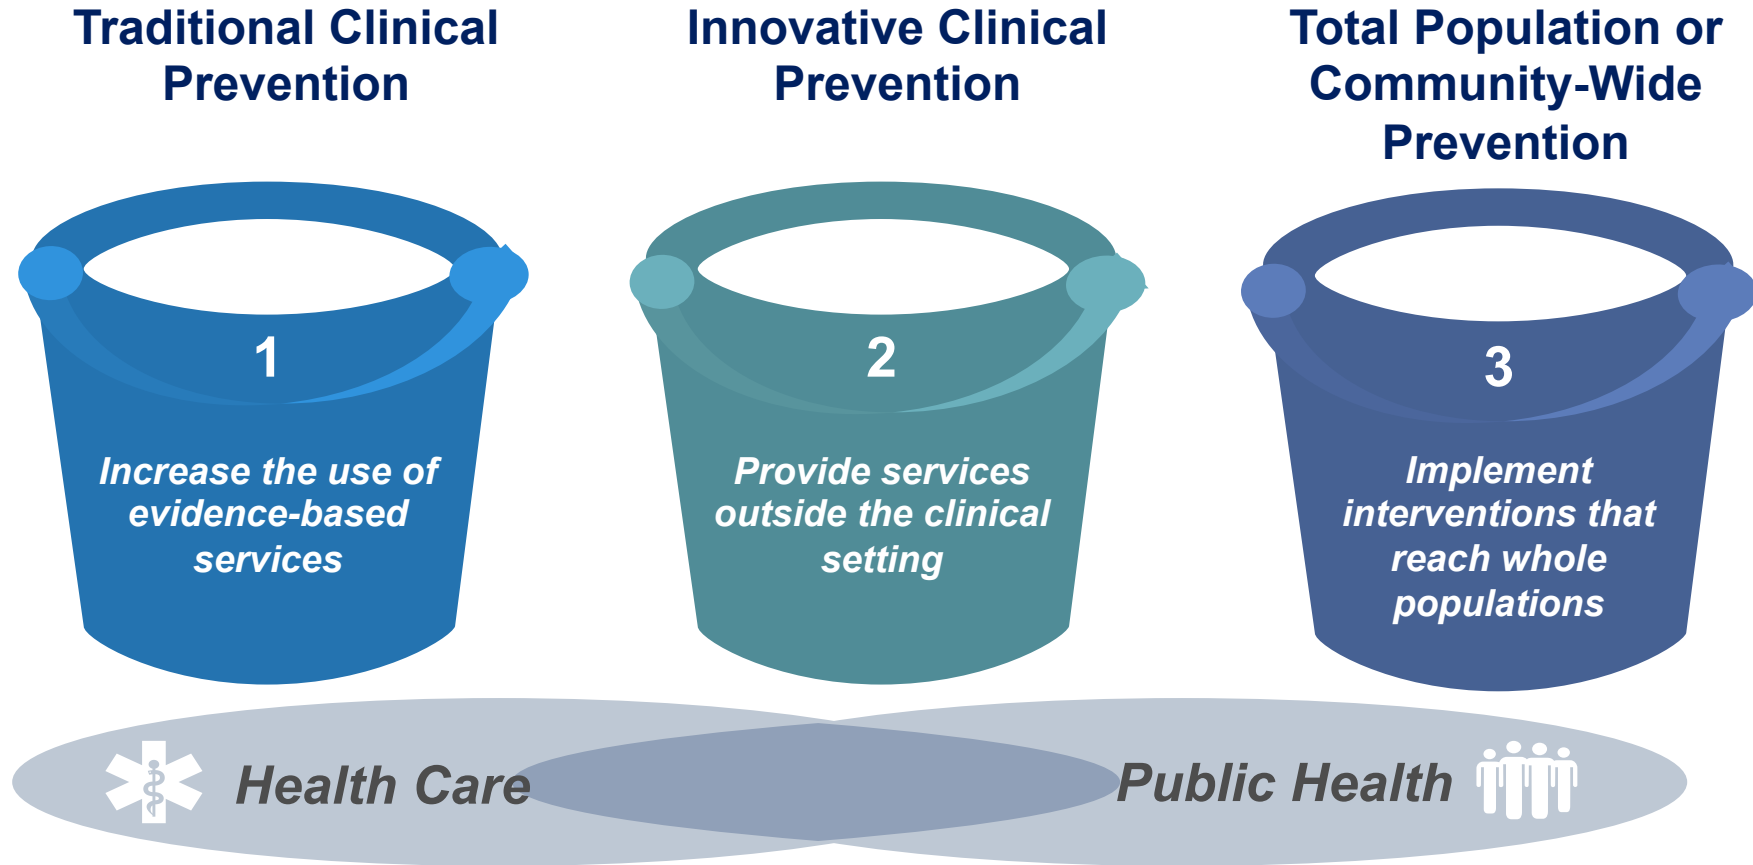

87% of All Americans are Insured

This is the Moment to Get to the Table ... Then What?
