Mary A. Pittman, DrPH, is chief executive officer and president of the Public Health Institute (PHI) in Oakland, California. A nationally recognized leader in improving community health, addressing health inequities among vulnerable people and promoting quality of care, Pittman became in 2008 PHI’s second CEO and president since its founding in 1964. Under her leadership, PHI has been recognized as one of the 50 best nonprofit workplaces in the nation. Pittman previously headed the Health Research and Educational Trust, an affiliate of the American Hospital Association, and the California Association of Public Hospitals.

Dr. Laura Seeff is Director (Acting) of the Office of Health Systems Collaboration (OHSC) within CDC’s Office of the Associate Director for Policy (OADP), where she is leading key strategic policy priorities emerging from the transforming U.S. health system and supporting CDC’s focus on maximizing collaboration between public health and the health care sector, including efforts to broaden coverage of prevention and population health. In this and her previous position as the Deputy Medical Director of CDC’s National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), she helped shape CDC’s support of the Centers for Medicare and Medicaid Innovation population health programs.

POLL #2

How familiar are you with the current range of mechanisms to finance population health improvement?

a. Very familiar
b. Somewhat familiar
c. Not very familiar
d. No knowledge at all
Jim Hester, PhD, has been active in health reform and population health for almost four decades. His most recent position was the Acting Director of the Population Health Models Group at the Innovation Center in CMS assisting in the development of delivery system transformation and payment reform initiatives. Hester has also held senior management positions with MVP Healthcare, ChoiceCare, Pilgrim Health Care, and Tufts Medical Center. He began his managed care career as Director of Applied Research for the Kaiser Permanente Medical Care Program in Los Angeles, California.
