Christopher Kinabrew, Chief Strategy Officer, is responsible for enhancing awareness of NNPHI and its member public health institutes among national, state, and local partners. Mr. Kinabrew helps manage NNPHI’s overall communications and new business development. He also leads several NNPHI projects with the Centers for Disease Control and Prevention and private foundations, providing support and oversight to NNPHI staff and contractors.
The Bristol-Myers Squibb Foundation launched Together on Diabetes™ in 2010.

Goal to improve the health outcomes of people living with type 2 diabetes in the United States.

Strengthening patient self-management education, community-based supportive services and broad-based community mobilization.

NNPHI supported 4 grantees summits and learning community of over 25 grantees.

Welcome to our presenters:

Emma Clippinger  
Sarah Downer  
Jamille Fields
Sarah Downer, JD is a Clinical Instructor at the Center for Health Law and Policy Innovation of Harvard Law School, where she focuses on policy projects at the intersection of health and food law. Her primary areas of expertise are diabetes policy, childhood obesity, physical activity and the built environment, and food interventions in the context of healthcare.

Website:  www.chlpi.org
Jamille joined the Center for Health Law and Policy Innovation at Harvard Law School as a Clinical Fellow in August 2015. Jamille has been involved in a range of projects from increasing access to care for people with chronic illnesses to preventing chronic illnesses through policies on physical activity. Prior to joining the Center for Health Law and Policy Innovation, Jamille spent two years at the National Health Law Program’s (NHeLP) Washington, D.C. office.

Emma Clippinger, JD
Clinical Fellow
Center for Law and Policy Innovation
Harvard Law School

Emma is a Clinical Fellow in the Food Law and Policy Clinic at Harvard Law School. Her current projects focus on school foods, the intersection of food and health, and local food policy councils. Previously, Emma founded and directed Gardens for Health, an international NGO that provides agricultural and nutritional support to families struggling with malnutrition.
